## Firemen Will Pay Tribute Monday To Battle Units Which Repelled Pickett

Gettysburg and Pennsylvania firemen will pay tribute Monday evening to firemen who helped win the Battle of Gettysburg.

Scheduled as part of the observance of the 98th anniversary of the Battle of Gettysburg, a program Monday evening at 6:30 o'clock at The Angle on the battlefield will honor the 72nd Pennsylvania Infantry regiment, an outfit made up entirely of volunteer firemen.

The program will honor the 72nd on the 100th anniversary of its establishment, the 98th anniversary of its activities on the afternoon of July 3, 1863, when it took part in the defeat of Pickett's Charge, and the 60th anniversary of the placing of its monument—showing a Zouave on a large granite pedestal, within 20 feet of the stone wall at The Angle.

**FOUGHT 2 BATTLES**

The 72nd fought two battles at Gettysburg. The first was repelling Armistead's men of Pickett's charge. The second was a battle in the courts to place its monument by the wall where it ended its counter charge against the Confederates.

James A. Miller Jr., Boothwyn, president of the Pennsylvania Firemen's Association, will speak in honor of the 72nd as firemen and in honor of all of the units of volunteer firemen who fought at Gettysburg. The 72nd was one of several regiments comprised entirely of volunteer firemen who entered the war in 1861 and continued fighting as a unit until the end of the war.

Attorney Eugene R. Hartman will read during the program the address made by Capt. William Kerr, of the 72nd, at the occasion of its monument dedication 60 years ago. The address described in vivid terms how the 72nd lay under the artillery barrage that preceded Pickett's charge, how they watched the artillery battery they were supporting destroyed by the artillery fire and advancing Confederates, and how, when they finally received the order to charge, they fought hand-to-hand with the southern troops.

**PLATE WREATHS**

Wreaths will be placed by officials of the Pennsylvania Firemen's Association on behalf of the firemen of the state; by Gettysburg's fire chiefs, Francis I. Linn, Robert Hartman and Charles J. Kerrigan; and by Lt. Col. O. G. MacPherson, commander of the Pennsylvania Brigade of the Sons of Union Veterans, and immediate past state commander of the Sons of Union Veterans, as a descendant of the men who fought in the Civil War.

Company F, 87th Pennsylvania Infantry, the local "living history" unit, garbed in authentic Civil War costume and firing Civil War muskets, will provide the salute.

The Blue and Gray Band of Gettysburg will play a brief medley of numbers immediately preceding the program and will play the Battle Hymn of the Republic and the Star Spangled Banner during the program.

**WEAVER IS MC**

Col. William G. Weaver will be master of ceremonies for the event in which color guards from a number of local units including

Most prices showed fractional changes as trading became progressively duller. The stock exchanges will be open on Monday but many Wall Streeters were obviously preparing to make this a four-day weekend.

## VFW HOSTS 35 VETERANS ON HEALTH TOUR

Gettysburg successfully played host Wednesday and Thursday to 35 patients of the rehabilitation program of the Pittsburgh Veterans' Hospital, with electrifying results for one veteran.

While most of the guests thoroughly enjoyed the activities mapped out for their pleasure at Gettysburg, one patient, according to Dr. Paul M. Kost, assistant director of personnel services in the recovery and education division, talked for the first time in seven years when he attended a party at the local VFW post home Wednesday night.

The 35 male patients, one doctor, one recreation director, 4 aide and 9 volunteers from the Women's Auxiliary post in Pittsburgh arrived here late Wednesday afternoon following dinner in Chambersburg.

**VFW PARTY**

After the group attended a party at the VFW home, they retired to the Gettysburg College gymnasium where cots, blankets and sheets had been donated by the Ft. Ritchie, Md., Army base. Members of the local VFW arranged for the gear.

After breakfast Thursday morning at the post home, the group toured the battlefield. The National Park Service had offered free guides but, due to a slight mixup, Edwin Longenecker and Lloyd Hartman provided the service.

After dinner at the VFW, the group were guests of the National Museum and Joseph Rosensteel, but time ran out before they could accept the invitation of Bernard Murray to visit the Diorama.

**STIMULATING VISIT**

Dr. Kost said that the visit here is so stimulating that the patients talk about the trip for many months afterwards. Applicants for the trip are carefully screened from the more than 900 patients in the institution.

The aide in charge of sleeping arrangements said the visitors were stirring Thursday morning about a quarter to five. At the hospital, he added, "we have to call them several times before they even stir."

The dinner and breakfast were served by the Auxiliary of the VFW.

For one of the veterans, this was the first time he had been outside the institution since his admission in 1945. "They become different men," Dr. Kost said. "They all want to come back."

Miss Wilma Jobe, of the Pittsburgh Auxiliary, was the coordinator for the event, which was arranged through the cooperation of the Pittsburgh and Gettysburg VFW groups. The visit, which began last year with 35 visitors, is expected to become an annual affair.

## DRIVERS HURT, \$15,000 LOSS WHEN TRAILER JACKKNIFED

A tractor-trailer jackknifed this morning at 6:10 o'clock on the Gettysburg-Harrisburg Rd. 1½ miles north of York Springs, causing an estimated \$15,000 damage, sending its driver to the Warner Hospital and typing up traffic on the road until about 12:30 this afternoon.

Malcolm Robbins, 39, Burlington, N. C., driver of the rig, was admitted to the hospital here suffering from a deep laceration of the left cheek, lacerations of the scalp, left ear and chin and has a slight concussion.

The alternate driver, Oather Dale Weatherford, 39, Graham, N. C., was admitted to the hospital with bruises all over his body, lacerations of the forehead, nose, right hand, left abdomen and feet and a dislocation of a toe.

State police said the tractor-trailer, owned by Associated Transportation, Inc., of New York City, was headed south with Robbins driving. Weatherford had been driving until the vehicle reached Harrisburg, then had entered the sleeping portion of the cab and was asleep when the accident occurred.

According to the officers Robbins was about to pass a southbound car when he lost control and the tractor-trailer jackknifed across the road blocking traffic and destroying the trailer, which was loaded with a general cargo.

Two drums of a chemical used in pools burst open and eventually caught fire. The York Springs Fire Co. was called to the scene to extinguish the blaze and then stand by until the various articles could be transferred to another vehicle.

Police controlled traffic on a one-lane basis until the huge trailer could be removed.

The injured men were brought to the hospital here by the York Springs ambulance.

## U.S. May Increase Forces Abroad To Bolster NATO

United States may increase its military forces in Europe to strengthen NATO defenses in preparation for a possible showdown with the Soviet Union later this year over Red threats to West Berlin.

Such a move is understood to be one of the measures being studied by Kennedy administration policy makers for dealing with the Berlin crisis.

President Kennedy met with the National Security Council for two hours and 40 minutes late Thursday to discuss steps that may be taken.

The White House kept the discussions secret, and the news secretary, Pierre Salinger, declined even to say which officials attended.

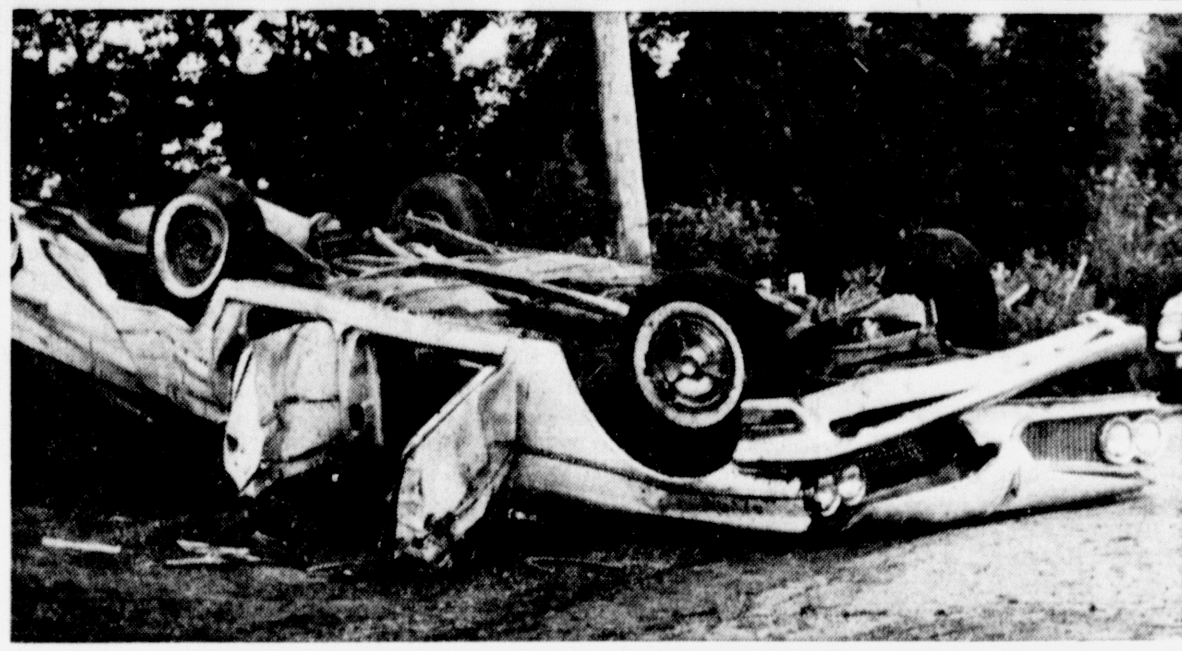

It was not disclosed when final decisions may be made and action initiated. It is known, however, that top officials believe some re-employment of U.S. forces may be necessary because of the threat posed by Soviet Premier Khrushchev to the position of the Western powers in West Berlin.

Secretary of State Dean Rusk, speaking in a television interview Thursday night, said one thing which is necessary in the developing crisis is to try to avoid any "misadventure"—by the Soviet Union—of what the Western Allies will do if and when their vital interests are threatened.

Rusk predicted that a number

## GIRL SCOUTS VOTE OKAY ON MERGER PLAN

At a meeting Thursday evening in the Girl Scout office here, Adams County Girl Scout leaders voted unanimously to join in the proposed merger of the county council with a six-county unit to be organized in October.

Fifteen persons attended the meeting but proxies for 134 others were voted by Mrs. William Siebert, Littlestown, secretary of the council.

An earlier effort on June 6 to secure action on the proposed merger had failed because not enough leaders appeared for that meeting which was held in the local Presbyterian Church. Thirty-eight attended and there were 26 proxies but at least 110 votes had to be cast on the merger question to make the result binding.

## COVERS WIDE AREA

The proposed consolidation of Girl Scout units in this area will be known as the Penn Laurel Girl Scout Council, Inc.

Scheduled to consolidate are the Adams County Girl Scout Council, the Antietam Council of Girl Scouts at Waynesboro, Chambersburg Local Council of Girl Scouts, Hanover Council of Girl Scouts, Girl Scout Council of Lancaster County, Lebanon County Girl Scout Council and Girl Scouts of York Area plus the Shippensburg Girl Scout Council.

According to the "joint plan of consolidation," the jurisdiction of the Penn Laurel Girl Scout Council will include Adams, Franklin, Lancaster, Lebanon, York and Fulton Counties, as well as that part of Cumberland County under the Shippensburg council and in addition "such other areas adjacent to the above as may be prescribed by the National Girl Scout organization from time to time."

Mrs. Charles Ritter, Littlestown, vice president, presided Thursday evening in the absence of Mrs. J. B. Collins.

After the merger vote, the board held a brief meeting and adopted a suggestion that an additional shelter or troop cabin be built at Camp Happy Valley. The camp site committee will meet soon to make plans for the project.

## DRIVER KILLED WHEN CAR IS WRECKED ON HANOVER ROAD

James W. Topper, 24, of 3400 W. Market St., York, was fatally injured this morning at 6:40 o'clock when his car left the Gettysburg-Hanover Rd., seven miles east of here, ripped up guard posts, broke off a utility pole and rolled over.

Topper was listed as dead on arrival at the Hanover Hospital in the Hanover ambulance.

State police said the 1959 car was demolished.

Early arrivals at the scene found Topper in the gutter along the road with his car some distance beyond him. They believed he may have been thrown from the auto as it overturned.

Those first on the scene said Topper was breathing heavily and moaned while being placed on the stretcher for transportation to the hospital.

The Adams County coroner, Dr. C. G. Crist, said the death occurred from a fractured skull and internal injuries in Mt. Pleasant Twp. while the ambulance was enroute to the Hanover Hospital.

Feiser Funeral Home, New Oxford, had been notified early this afternoon to stand by for the body pending location of the mother who was a shopping trip and had not been located up to that time.

Among relatives are two brothers, Joseph Topper, Abbottstown R. 1, and a brother, Robert Topper, Shetter House, who is employed at the county home here.

## 34-STAR FLAG AT OLD DORM MARKS PLEDGE

The 34-starred flag of Civil War days continued to fly over Old Dorm at Gettysburg College today, marking the historic connection of the structure and the college with the War of 1861 to 1865.

Formal raising of the flag took place Thursday evening when the college recreated, on the 100th anniversary of the event, the flag raising that took place June 29, 1861, when the college students decided to publicly announce their fealty to the Union.

The flag, loaned to the college for the flag raising by the Adams County Civil War Centennial Commission, was presented to the college after the ceremony by W. Clayton Jester, chairman of the county organization.

## ACCEPT FLAG

Dr. Charles Glatfelter, dean of the college for the summer, who was in general charge of the program, accepted the flag for the institution and said it will continue to fly over Old Dorm daily during the Civil War centennial period.

Dr. Robert L. Bloom, professor of history at the college, was the principal speaker at Thursday evening's program on the north portico of the old college structure. He told his audience: "We are standing on historic ground. Not only was the building before us used for observation purposes by both the Union and Confederate armies during the battle of Gettysburg, but it also served as a hospital during the battle and for some time afterward. One of the patients here was a wounded Confederate soldier named Lewis Payne who was later implicated in the assassination of Lincoln." He described the large numbers of college students and alumni who entered the armed forces in the Civil War and the formation and record of the company of college students and townsmen which became part of the 26th Pennsylvania Volunteers in 1863.

The Gettysburg Junior High School Band provided the music and Company F, 87th Pennsylvania Volunteers, the local "living history" unit, fired the salute with Civil War period muskets.

## New Pumper Tested At College Pool

Emmitsburg's Vigilant Hose Co. put their new pumper through an underwriter's test Thursday morning at the Mt. St. Mary's College pool, prior to placing it on display for the open house which runs through Saturday evening. Earlier the equipment had been displayed for a week at Ocean City, Md., during the Maryland state firemen's convention.

The engine is equipped with a locking, no spin, rear axle for mud and snow, alternator system for floodlights and other electrical equipment, power steering, booster tank with a 500-gallon capacity and compartments for storing of equipment.

Peach tree rows were treated with dinitro and spray oil. Simazine and aminotriazole were used among newly planted trees. Good results were observed from all applications.

At the N. G. and E. D. Blocher farm, Norman Blocher displayed results of use of a one pound per acre band spray of Atrazine 80 at planting time. He also showed results of using one gallon of dinitro per acre on potatoes as a pre-emergence spray.

At the Kenneth Taylor farm application of atrazine granules at eight pounds per acre was studied. Taylor held even distribution is most important in applying the granules.

Harvey Dickert, field man for Central Chemical Co. and a member of the Upper Adams Young Farmers, discussed means of keeping farm ponds free of aquatic weeds by using sodium arsenate, granular 2, 4-D and other chemicals, outlining both the potential and limitations of each chemical. The next meeting, President Harold Huettner announced, will be held in the form of an all-day tour late in July.

## 3rd Worley Bill Passed By House

The House at Harrisburg on Thursday passed the third in a package of Worley-sponsored bills which require the state Health Department to report deaths of persons over 21 to their county registration commissions which then are required to remove those names from the registration lists. One of the bills makes similar requirements for Philadelphia County.

The House also passed on Thursday a Worley-sponsored resolution to name Route 15 the "Blue and Gray Highway." The resolution now goes to the Senate.

## MANY PROBING HUGE FIRE OF POLISH LINER

PHILADELPHIA (AP)—Several investigations were underway today in efforts to determine the cause of a fire on the Polish freighter Polonica.

The freighter, loaded with tons of highly inflammable naphthalene from the Soviet Union, burned furiously for almost six hours Thursday in the Delaware River but hundreds of firemen, Coast Guardsmen and Navy personnel finally managed to bring the blaze under control. Four firemen were injured, none seriously.

Investigators from the Philadelphia fire marshal's office, the U.S. collector of customs and the Federal Bureau of Investigation immediately started questioning crew members. Later the Polish consul for 20 eastern states drove here from Washington open his own investigation. The Stockard Shipping and Terminal Corp., agent for the vessel, announced it would also conduct an independent inquiry.

### "WORST SHIP FIRE"

Deputy Fire Commissioner George Hink called the blaze "the worst ship fire I ever saw." The cargo of the Polonica was the first from the Soviet Union to enter the United States under a new trade agreement with the Russians, according to customs officials. Naphthalene is the principal ingredient used in mothballs.

After the ship caught fire at a pier, 25 tug boats took it in tow for about a mile and beached her diagonally from the pier in the mud flats on the New Jersey side. Capt. Joseph Mastowik and six of the 36 crew members elected to stay aboard during the perilous journey across the river. The others were taken off the ship by the Coast Guard. The towing operation averted what might have been a major conflagration on the city's waterfront.

Hink said there were reports of 10 drums of liquid arsenic in the No. 4 hold "despite denials of one of the ship's agents."

## TRAILER VOTE IS PROMISED AFTER JULY 10

HARRISBURG (AP)—Democratic leaders have promised a vote on the controversial highway trailer issue when the House returns to session July 10.

Republicans tried to force a vote on the issue Thursday but the Democratic majority voted them down. The Democratic leaders, however, were able to keep their ranks almost solid by promising the vote.

Both House and Senate were in recess today. The Senate will not return until July 6. The House met alone Thursday.

### GOP PROPOSAL

Republicans have had ready for a week a proposal raising the length of trailers to 40 feet. The present limit is 35 feet and many manufacturers and truckers claim this restriction is putting them in an unfavorable competitive position with states with the 40-foot limit.

It was GOP strategy to attach the proposal as a rider to a bill giving the highways secretary power to establish speed limits. Both highway trailer length and speed limits come under the broad provisions of the state's Vehicle Code.

Majority Leader Stephen McCann had not called the measure to a vote all week and when Minority Leader Albert W. Johnson asked him if he planned to do so McCann said he did not.

### VOTE TRY FAILS

Johnson then made a motion that the bill be made a special order of business—called to an immediate vote.

The motion failed, 93-96. Only Democratic Rep. Pat C. Trusio, Fayette, voted with the Republicans, while Republican Rocco O. Odomoro, Delaware, voted with the Democrats.

The Cambria, Lackawanna and Luzerne delegations—where the threatened loss of business because of the trailer restrictions has become a serious issue—and the rest of the Fayette delegation voted to support McCann, although members of these delegations had indicated sympathy for raising the limits.

### MINOR ISSUES

Most of the eight-hour session—minus a two-hour break for lunch and caucuses—was devoted to relatively minor issues.

A controversial bill proposing to regulate the manufacture, sale and possession of drugs and cosmetics was considered long enough to insert an amendment exempting animal feed and to put off the proposed effective date to next Jan. 2.

There was still no indication when the bill itself would be brought to a final vote.

A bill setting a 15 miles per hour speed limit around playgrounds was returned to the Rules Committee, indicating it would be given no further consideration this session.

## EICHMANN HAD SHIPPER ROLE IN SLAUGHTER

By THOMAS A. REEDY

JERUSALEM, Israel (AP)—Adolf Eichmann said today he was the man called in when the Nazis needed transportation to ship Jews out of Holland and Denmark to the death camps. But the former SS officer refused once more to accept any further responsibility for the mass slaughter.

Defense counsel Robert Servatius explored the Dutch and Danish ordeal under Nazi occupation with Eichmann on the stand for the ninth straight day and elicited a flood of explanations adding up to only one thing: Eichmann never conceived an order but only carried out his superiors' bidding.

Illustrative of this was Eichmann's repudiation of a document naming him as the man who "ordered" evacuation of a mental hospital in Holland so it could be turned over to SS military units.

### DENIES ACCURACY

"This could not be accurate at all," said the defendant, claiming that Arthur Seyss-Inquart, the Nazi governor of Holland, had full "legislative authority" and did not need to come to Eichmann's bureau in Berlin for such action.

"It was quite obvious they only needed a train," said Eichmann. "And that is how it was referred to my section."

The mentally ill Jews and even the staff of the hospital were shipped out to destruction.

### RAPS DOCUMENTS

Eichmann deprecated documents labeling a special mission to Denmark to transport Jews out in ships as the "Eichmann Sonderkommando."

He said there was a tendency to term any unit connected with his department IV-B-4—Jewish affairs—a "sonderkommando." Sonderkommando, or special unit, was the name given by the Nazis to the battalions sent to the East in 1941 and 1942 to liquidate two million Jews by gunfire and in mobile gas vans.

The Danish venture failed to materialize, mostly because the Danes by an almost unanimous resistance made Denmark the one giant failure of the Third Reich effort to liquidate the Jews.

Eichmann admitted he had to Copenhagen on orders of immediate superior, Gen. Heinrich Mueller, but contended the plan already had been "implemented" by an SS colonel on the scene by the time he got there.

## ENROLLMENT IS UP AT STC

SHIPPENSBURG — Summer session enrollments at Shippensburg State College are surpassing all previous records as the college moves closer to its September launching of a new three-term college year which gives fourth-term status to the combined summer sessions.

According to Dr. D. Paul Smay, dean of instruction and director of summer sessions, 469 students were enrolled in the three-week pre-session June 5-23 and an unofficial count shows that 636 students are registered for the six-week regular session from June 26 to August 4.

The three-week undergraduate post session will run from August 7 through August 25.

Enrollment also is up in the graduate program, now in its second summer. Dr. Willard E. Kerr, director of graduate studies, announced that 57 students were enrolled for the two graduate courses offered during the pre-session and that 88 persons are represented in the 181 class enrollments for the regular session.

The new term plan which will begin in September will replace the two 18-week semesters with three 12-week terms. Credits will remain the same because even though each class will meet fewer times class periods will be extended from 50 to 75 minutes. The three summer sessions will total a fourth term.

### BOOKS TO READ

There are books to be read, too—Gladys Schmidt's "Rembrandt," Shirer's "Rise and Fall of the Third Reich" (both saved for the purpose), also Stan Opatowsky's "TV, The Big Picture," which I skimmed and found full of interesting behind-the-scenes TV information.

There is a garden to be weeded, golf to be played. There may be Sundays when I miss Ed Sullivan and "Meet the Press." But, early or late, one telecast I'll be watching will be the second Project Mercury shoot.

Recommended tonight: "Way Out," CBS, 9:30 (Eastern Daylight Time); "Side Show," about a man in love with a headless woman: "Person to Person," CBS 10:30-11—a visit with comedienne Carol Burnett.

He drove away in a car with Pennsylvania license plates. The loss estimate was made by the bank president, Alvan B. Sehn.

## PRODUCER SAYS TELEVISION IS HABIT FORMING

By CYNTHIA LOWRY

AP TV-Radio Writer

NEW YORK (AP)—"What did people do before they had television?" asked playwright and producer Dore Schary. "Well, we probably read more books. We probably went out to the movies more often. We played cards more. And one thing I'm sure we all did: We talked more."

Television, Schary believes, can be as habit-forming as a drug.

"It's so comfortable to sit there in an easy chair," he continued. "It's easier to watch something you're only mildly interested in than it is to move."

Last winter during a long siege of hepatitis, Schary's wife, Miriam, had only one source of entertainment: TV.

### EXTREMELY INTERESTED

"She watched everything," Schary said, "and she found that she became extremely interested in programs she had never bothered to watch before."

Schary, former production head of Metro-Goldwyn-Mayer, successful film writer and author of two Broadway hits, will produce the first of a series of 18 specials on three networks next season which will be sponsored by an electrical company. The program is called "The Sound of the Sixties."

The time of the year has come when this column—and this columnist—takes a vacation.

And how will this columnist spend the days when there are no stories to be written, no publicity releases to be read, no stars to interview?

No, I do not plan to unplug the television set. Rather, I expect to watch television a lot, but only the programs that sound promising and new to me. And, for one glorious month, I can exercise a privilege most other viewers use all the time: I can stop looking at a program the minute it bores or offends.

## Eddie Machen Meets Champ In TV Bout

ATLANTIC CITY, N.J. (AP)—Heavyweight contender Eddie Machen gets a chance to redeem himself Saturday night when he takes on NBA light heavyweight champion Harold Johnson in a television nontitle 10-rounder at Convention Hall.

Although he is the No. 2 contender and has lost only three pro fights, the 28-year-old boxer-puncher from Portland, Ore., is a 9-5 underdog to the coholder of the 175-pound crown.

One reason is Johnson's winning streak of 14 over a 4½-year span. Another is Machen's failure to win his key fights.

The trim 6-footer had an unbeaten record of 24 victories and one draw when he was blitzed in one round by Ingemar Johansson in Sweden, Sept. 14, 1958. This was the springboard victory that led the Swede to the world heavyweight title.

In his two major fights last year, Machen was outpointed by his two rivals for high-ranking honors, Zora Foley and Sonny Liston.

## Mays Just Likes To 'Go Out And Play'

PHILADELPHIA (AP)—Maybe that little extra something that makes Willie Mays a great baseball player can be found in his own words.

"I just like to go out and play," he explained Thursday night after a tremendous display of hitting and fielding which hoisted the San Francisco Giants to an 8-7, 4-1 doubleheader sweep of Philadelphia.

Mays belted three homers—all in the 10-inning opener—a triple, double and single, batted in seven runs and scored four.

He said he connected on sliders on the first two homers off Dallas Green but caught a fast ball on the payoff shot which won the opener in the 10th with Frank Sullivan pitching.

The fleet-footed center fielder liked his homer total to 20 to tie for the leadership in the National League with teammate Orlando Cepeda. He boosted his batting average 13 points to .331 to move into fourth place among the leaders in this department and upped his RBI total to 55, third best in the league.

Francis Kuhn Is Killed When  
Cycle Hits Car: Francis William Kuhn, 31, New Oxford, was instantly killed when the motorcycle on which he was riding collided with an automobile in Thomasville, a few miles east of Abbotstown on the Lincoln Highway, at 9 o'clock Sunday night. Kuhn's head was almost severed in the accident.  
Kuhn's companion, James A. Noell, Jr., 16, West High Street, New Oxford, who was riding behind the driver, is a patient at the York hospital suffering from lacerations of both wrists, the left knee, left thigh, and upper lip, and possible brain concussion. His condition was given as "satisfactory" by hospital attendants early this morning.

Littlestown Store Fired By  
Lightning: Damage estimated at several thousands of dollars was done to stock and fixtures at the John Bloom Apparel Shop, 50 South Queen street, Littlestown, Sunday evening, from fire caused by lightning. An insurance adjuster was scheduled to make a survey of the damage today.

The fire was discovered about 7:45 p.m. Sunday evening by Mr. Bloom. One of the windows had leaked during Friday's heavy rain, and he decided to check on the same window to see if it was leaking again. He walked from his apartment several buildings away, and when he came to the corner he noticed the rear of his store was on fire. Before the arrival of the Alpha Fire Company several of the neighbors had tried to extinguish the blaze with garden hose and assisted in removing a small part of the merchandise.

Goats Eat Hay On Pennsylvania After A-Bombing: Goats on the deck of the battleship Pennsylvania were standing munching hay, undisturbed by the atomic blast which started a fire on the vessel.

Rear Admiral Thorvald Solberg, director of ships, saw the animals while making a preliminary check of damage.  
"The goats had a gleam in their eyes and seemed perfectly happy," he declared.

convince the Central Pennsylvania Synod of the United Lutheran Church of the necessity of having a full-time secretary of religious education to correlate young people activities will be made by the Luther League of the synod, the league decided Sunday at the final session of its three-day convention here.

The need for such a secretary was described as "great and growing even greater" at sessions in the Church of the Abiding Presence at the local Lutheran Theological Seminary here.

Two resolutions passed at the convention expressed the need for such a secretary and at the same time urged the executive committee to do all in its power to secure the establishment of such an office by the synod.

## Birds Win 5th In Row; Detroit Hands Chisox Second Straight Defeat

By ED WILKS

Associated Press Sports Writer

The Baltimore Orioles won their fifth in a row by beating Kansas City 6-2 behind the two-hit pitching of Dick Hall Thursday night. It was the eighth victory in nine games for the fourth place Birds, who open a three-game set against the American League leading Detroit Tigers tonight.

Detroit handed the Chicago White Sox a second straight loss, 5-2, for a two-game bungle over the idle New York Yankees. Third place Cleveland dropped six games behind with a 3-1 loss to Washington, the Indians' 10th defeat in 12 games. Boston beat Minnesota 9-5.

### LARY WINS

The Orioles came from behind against Lew Krausse (1-2), the \$125,000 right-hander who gave up eight hits and five earned runs in 5 1/2 innings. A single by Jim Gentile and an error tied it 2-2 in the fifth inning, and Baltimore then broke it up with a four-run sixth triggered by Russ Snyder's two-run triple.

Frank Lary won his 11th for the Tigers, out-dueling Cal McChish (4-7) in a close heat at Detroit. A two-run triple by rookie Dick McAuliffe, off reliever Turk Lown, broke a 2-2 tie when Detroit scored three in the seventh. Billy Bruton, who hit a two-run homer in the third, brought in the final run with a sacrifice fly. Floyd Robinson homered for the Sox.

Washington clipped Cleveland on home runs by Billy Klaus and Marty Keough behind the six-hit pitching of winner Johnny Gabel (3-2) and reliever Dave Sisler. Wynn Hawkins (5-7) was the loser for the Indians, who scored in the seventh inning on two errors.

Frank Malone hit a pair of home runs for the Red Sox, one a three-run shot that clinched it as they came from behind with six runs in the fifth inning off Bert Cueto (0-3). Arnie Early, recalled the day before from Seattle, was the winner in relief.

### Upper Adams Pony League

John Harner pitched a brilliant no-hit, no-run game for the unbeaten New Oxford Dodgers who blanked the Idaville Senators 16-0 Thursday evening at New Oxford for their fifth straight victory.

Harner fanned 14 batters and the only runner to reach base for the Senators was Tate in the seventh inning on an infield error. Pat Noel poled a three-run homer for the winners in the third inning.

### GETTYSBURG LITTLE LEAGUE

Seven big runs in the top of the first inning just wasn't enough for the small determined Elks team as the Glenn L. Bream squad came from behind to capture a 17-10 decision, Thursday evening.

The Elks crossed the plate seven times on singles by Sam Teeter, Don Rohrbaugh and two by Eric Bergdale plus the assistance of four walks and two Bream miscues. The Elks tallied one more in the fourth and added two in the sixth.

The Breammen tallied five of their runs in the first two frames then broke loose with 12 in the bottom of the fourth as 16 men came to bat. The only extra base blows of the frame were doubles by Brad Stahl and Charles Raffensperger.

Stahl, Mike Spahr and Dan Brown paced the winners with a pair of safeties each while Eric Bergdale sparked the Elks team with a trio of hits for five at bats.

## Mays' Hot Bat Leads SF Over Phils; Chicago Cubs Rout Cincinnati Again

By ED WILKS

Associated Press Sports Writer

### Big Little Baseball Loop

Four runs in the last of the fifth inning with two out enabled the Elks to defeat the American Legion 9-3 Thursday evening.

McDermitt walked in the big frame and Fisel hit to right, McDermitt scoring. Collins singled to center and Sease doubled to right field, Fisel and Collins scoring. Another hit by Helling sent Sease home.

The Legion had scored their second run in the top of the fifth. Charles Buckley was hit by a pitched ball but was forced at second base by Mike Herring. Successive hits by Dane Kennel, Dave Knox and Richard Fox enabled Herring to cross the plate.

In the top of the seventh the Legion tallied its final run when Knox smashed a homerun over the centerfield fence.

## Daily Lives Must Reflect Benediction

By REV. OTTO KROEGER  
Pastor, Zion Lutheran Church  
Fairfield, Pa.  
Text: Numbers 6:22-27

Few people ever stop to realize the importance and depth of that with which a religious service closes . . . the benediction. To many it is just a sign that the end is near and we can be going, when in reality the benediction is an important part of the worship service and has a message all its own for our daily living.

The word benediction itself means the act of speaking well or good or graciously . . . the act of speaking blessed. Perhaps one of the most familiar benedictions is that which is known as the Aaronic benediction and is written in Numbers 6:22-27. It is called Aaronic because "The Lord said to Moses: 'Say to Aaron and his sons, Thus you shall bless the people of Israel: you shall say to them, The Lord Bless you and keep you.' " Originally this meant to be blessed with material things but Christian usage adds a broader meaning in that it means the Lord give you a full measure of life. It is also implied here that the Lord keep you from all harm and evil but, even more importantly, the Lord keep you unto Himself . . . where every child of God ought to live.

"The Lord make his face to shine upon you and be gracious unto you." As God's face shines upon us, so will we be able to reflect His radiance in the lives we touch and through His grace.

### TRUE PEACE

"The Lord lift his countenance upon you and give you peace." Though countenance means face, here it means the whole Spirit of God of which the face is a visible expression and as this spirit comes upon us, then will we have a true peace — peace of heart and mind. This is a peace that the world cannot give because it is a peace that comes from God alone.

After God had directed Aaron accordingly, He said that with these words would the people of Israel be blessed by the priests. If in any way we have a priesthood of all believers, then it belongs to us to pass the benediction we have received from God along to others.

Our daily lives ought to be a benediction through which others receive God's blessings. Consider the lives of great people who have known or read about. Think of parents, friends and relatives who have touched our lives. By

their very presence we have received a benediction. So it belongs to us to live lives that will be benedictions to others. Are we aglow with the spirit of Christ so as to bless the lives of those whom we touch?

### IMPART BENEDICTION

In our speaking of others we ought to impart a benediction. Is our conversation about others a blessing to them? Much gossip and many other things are said about people that are far from being a blessing to them. The point does not need elaboration except to

say, if we have received a blessing from God — and all of us have in some way or another — then our conversation about others ought to be a blessing to them or it is better left unsaid and unthought.

In our speaking to others we ought to impart a blessing always. This does not mean to say "God Bless You" and then let the conversation reduce to the unimportant or drift to the superficial. Instead, by our face to face conversation with people everyday, they should feel uplifted by what

we have said to them. They should feel refreshed because of a conversation with us. They should feel helped because of what we have said to them. In confronting them with our conversation, they should feel blessed by what has transpired. Blessed because of what was said, how it was said, and when it was said. As we have received a benediction from God, our daily lives, our conversation about others, and our conversation to others should reflect His blessings and impart the same to others.

Along the Little Missouri River . . . close to the South Dakota border . . . about 200 miles from Montana and Wyoming . . .

It's fun to look at the whole world, and then put your finger on the place where you live. It makes you realize how important you are!

In the free nations of this world everybody is important. People can own land and houses and tractors. They can read the truth. They can think for themselves, and say what they think. They can assemble together to celebrate, or plan—or protest.

And they can worship God . . . in the church they choose . . . and bring their children . . . and support their church . . . and volunteer their talents in its work.

Nobody can padlock God's House—or turn it into a museum!

Here's where we live, THANK GOD! We thank Him best by using ALL our freedoms . . .

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### CHARM TALK FOR WOMEN AT ANNIVERSARY CLUB SESSION

Mrs. Florence Moran, Harrisburg, lecturer who operates a charm studio in Harrisburg, who is on the faculty of Thompson Institute and who for the last eight years has conducted a radio program "Your Real Happiness" over WLBR, was guest speaker for the 30th anniversary meeting of the Woman's Community Club of Littlestown and vicinity on Wednesday evening in the social room of the Eagles Home.

Mrs. Moran was presented to the group by Mrs. Emory C. Gitt, chairman of the program committee, and she spoke on "Charm and Personality," giving as pointers to achieve these traits: "Don't take yourself too seriously"; "Be yourself"; "Be a student, always willing to learn"; "Don't worry about fashion"; "The most ridiculous things in the world are jealousy, greed and hate"; Mrs. Moran pursued her subject "Arm Against Harm with Charm," with knowledge and with humor for an hour, to the delight of her audience, concluding with the statement: "Be your loveliest, kindest, sweetest and prettiest all the time."

#### INSTALL OFFICERS

Installation of the newly-elected officers took place during the business session when Mrs. Charles W. Weikert, past president, conducted the ceremony as the following assumed their duties: President, Mrs. Robert H. Miller, re-elected; first vice president, Mrs. Edward H. Leister; second vice president, Mrs. Leroy W. Bish; recording secretary, Mrs. Anna B. Leach; assistant recording secretary, Mrs. Paul E. Altoff; corresponding secretary, Mrs. John W. LeGore and treasurer, Mrs. Sterling J. Wisotzky.

The meeting opened with the pledge of allegiance and the club collect. Guests were Mrs. William J. Lippy, Mrs. Hallie Salter, Mrs. C. Aaron Rohrbaugh, Mrs. Francis I. Gerrick, Mrs. Kenneth Shorb and Mrs. Edna Hess. Mrs.

Paul E. Altoff was acting secretary and Mrs. Edward H. Leister acting treasurer. Thank you notes were read by Mrs. John H. Tentative plans are to meet at 1:30 p.m. on July 22 at the Eagles Home, to go by private car to the Gettysburg Battlefield; to have a two-hour guided tour of the battlefield; then to the Log Cabin Inn at 6:30 p.m. for smorgasbord and to the Totem Pole Theater at 8:30 p.m. to see "Ladies Night in a Turkish Bath."

The welfare committee, Mrs. George Dehoff, chairman, reported that since the last meeting food had been provided for a needy family under the club's welfare plan. It was also voted to transfer all funds to one checking account. Mrs. Naomi C. Schwartz, Mrs. Howard Trostle and Mrs. P. Bernard Weaver were appointed as the auditing committee.

A recently discovered virus has been found to be an important cause of severe respiratory illnesses in infants and a disease resembling the common cold in adults.

The findings represent a major step toward the development of a vaccine which could protect infants from severe and often fatal illness and a better understanding of the common cold.

They were made public recently in a series of four reports on the RS (respiratory syncytial) virus in the Journal of the American Medical Association.

The pathogen was first recognized as a human virus in 1956 by a group working with Dr. Robert M. Chanock of the National Institute of Allergy and Infectious Diseases, Bethesda, Md., a co-author of the Journal reports.

Within recent years evidence has accumulated that much of the respiratory disease of man is caused by viruses, an editorial in the same journal pointed out.

The influenza virus was the first shown to cause human respiratory disease, it said. Although the flu virus occurs in dramatic outbreaks, it accounts for only five per cent of all respiratory illnesses, it said. The noninfluenza respiratory illnesses, which occur throughout the year, are considerably more important because they are associated with a much higher death rate than is influenza, the editorial said.

Kids and bikes go together as cowboys and Indians, ice cream and soda, or fun and summer. Rules go with riding to make sure they stay together! Yet how many youngsters pedal to death or disaster because of ignorance of safety rules?

Bike Safety Week, sponsored by the Optimist Club of Gettysburg and the Black Walnut District Boy Scouts, is a week set aside to stress intelligent co-existence of motorists and cyclists on our streets and highways. It is a week designed to show our youth that cycling goes with safety. It is a week designed to show parents and motorists the need for caution whenever a bicycle appears on the streets.

Only through this two-fold program of cooperation of youth learning their responsibilities toward their vehicle and the safety laws, and adults becoming aware of cyclists and their problems, can Gettysburg be considered a safe place for cyclists.

It wasn't too many years ago when fireworks were a real problem in this country.

Kids were losing fingers, hands and eyes during the supposedly happy days of their summer vacations.

Rallying under the battle cry, "Have a safe and sane fourth of July," parents, educators, civic leaders and elective officials finally curbed the fireworks problem.

But the need for a safe and sane fourth has not diminished. Motorists are literally driving themselves to death over the long fourth of July weekends, and drownings have surpassed traffic deaths in states as the leading cause of death over the holiday period.

The National Safety Council, pinpointing these two holiday accident problems, makes two suggestions which we think make a lot of sense.

One is pretty simple. Learn to swim. That means everybody learn to swim. Can you think of a better way to avoid drowning?

The second suggestion is to install and use seat belts. Seat belts may not prevent an auto accident, but they can be worth your life if you should have a collision.

Seat belts and swimming lessons—two very sane keys to fourth of July safety.

Howard Pyle, NSC president, says these are ways we can "free ourselves from the tyranny of accidents." A good thought for Independence Day.

Bike pilots have been urged to do their most cautious riding on the long July Fourth weekend when both cyclists and motorists will be out in force to herald the opening of the summer holiday season.

In its annual Independence Day warning to cycling enthusiasts, the Bicycle Institute of America has urged the riders to avoid primary traffic arteries during the summer's first holiday. It pointed out that cyclists will enjoy using secondary roads with their relatively light traffic loads rather than battle the congestion choking primary traffic arteries during the four-day weekend.

Here are 12 good rules for bicycle riders to follow:

1. Observe all traffic regulations, signals and lights.
2. Keep to the right. Ride in single file.
3. For night riding, have headlight and rear danger signal. Wear white or light-colored clothing.
4. Have workable horn or bell. Maintain safe speed.
5. Watch for cars pulling into traffic. Be careful of doors opening on parked cars.
6. Never hitch on other vehicles. Do not stunt or race in traffic.
7. Carry no passengers or objects which interfere with vision or proper control of the bike.
8. Keep your bicycle in perfect operating condition. Make sure the brakes are functioning properly.
9. "Stop, Look and Listen" at all traffic intersections.
10. Always use proper hand signals for turning and stopping.
11. Ride in a straight line—do not swerve or weave.
12. Avoid sidewalk riding. Always give pedestrians the right of way.

### QUICK ACTION

HARRISBURG (AP) — The attorney general's office has acted promptly on his reports of alleged payoffs involving highway inspectors, Rep. Thomas W. King Jr., R-Butler, told the House Thursday.

King said that within 15 minutes after he raised his complaints in a House speech earlier this week, Atty. Gen. Anne X. Alperin had called him from Pittsburgh. Shortly thereafter, he said, one of her investigators contacted him.

King reported that the investigation was continuing.

## The POWER of FAITH by Howard Bradie

Independence Day "ought to be commemorated as the day of deliverance, by solemn acts of devotion to God Almighty," wrote John Adams.

The Declaration of Independence itself makes a declaration of faith when it appeals, "to the Supreme Judge of the World for the rectitude of our intentions," and when it places, "a firm reliance on the protection of Divine Providence."

When the Liberty Bell pealed the news of the Declaration, it sounded the meaning of Moses' words long inscribed on it: "Proclaim liberty throughout all the land unto all the inhabitants thereof."

Samuel Adams echoed the sounds in a prophesy of freedom and faith: "Driven from every other corner of the earth, freedom of thought and the right of private judgment in matters of conscience direct their course to this happy country . . . Be this the seat of UNBOUNDED RELIGIOUS FREEDOM! She will bring with her . . . Industry, Wisdom, and Commerce."

## MONROE LOSES GALL BLADDER

NEW YORK (AP) — Glamorous Marilyn Monroe had her gall bladder removed Thursday night in a two-hour emergency operation at Polyclinic Hospital.

Early today, the blonde beauty, 34, was reported in good condition.

Under sedation, the movie queen was wheeled into her private room where her ex-husband, former baseball great Joe DiMaggio, waited.

A hospital spokesman said, "The entire gall bladder was removed" during the operation, adding: "There were no complications and she is resting well."

A hospital spokesman said the normal convalescence period from gall bladder surgery is 10 to 12 days.

### TO PLAN FOR 1964

The anniversary will be 1964. The Constitution was adopted March 1789.

## Won't Need License For Certain Fishing

HARRISBURG (AP) — Fishermen would not need a \$3.75 state license to fish in commercial or private lakes or ponds under a bill nearing final legislative approval.

The House passed the Senate-originated measure Thursday and returned it to the Senate for agreement on a minor change.

The vote was 164-24. The one-sided approval came after a short debate in which a few sportsmen-legislators warned that the step could seriously hamper operations of the State Fish Commission through lost revenues.

Rep. William F. Renwick, D-Elk, estimated the measure would cost the Fish Commission \$100,000 in license revenues.

"The commission doesn't have enough money now to operate a good fish program," he warned.

Rep. Harris G. Breth, D-Clearfield, said the legislature would establish a serious precedent if it finally approved the bill.

## \$23.1 MILLION IS REQUESTED AT PENN STATE

HARRISBURG (AP) — A new request for a \$23.1 million appropriation for the Pennsylvania State University was submitted to the House Thursday night.

The sponsors included money to finance research projects in treatment of detergents in sewage disposal systems, control of burning coal culm piles, farm seeds, stream pollution by mine acids.

They also proposed \$4 million extra for faculty salary increases and to admit additional students and \$644,000 to build new classrooms and laboratories.

The additional spending proposals were nearly identical to amendments which Rep. Eugene M. Fulmer, R-Centre, prepared for the administration's \$18.5 million appropriation request for the university.

### WAS HELD UP

That proposal has been before the House for final action for several days, but has been held up because of Republican plans to withhold votes on nonpreferred appropriations until an acceptable congressional reapportionment bill is submitted to the legislature by the Democrats.

Nonpreferred appropriations—those which the state is not required by existing law to make—require a two-thirds vote to pass either House or Senate. In the House that means 140 votes and Democrats have only 109 at full strength.

Fulmer was one of the sponsors of the new bill along with Republican John E. Whittaker, Lycoming and Democrats Robert K. Hamilton and Charles D. Stone of Beaver.

### NO COMMENT

The measure was referred to the House Education Committee.

The chairman, Rep. Jeanette F. Reibman, D-Northampton, has indicated sympathy with Penn State's demands for more money that Gov. Lawrence has allocated.

She reportedly planned to join Fulmer in his proposed amendments but was dissuaded from such a step in a stormy Democratic caucus session two weeks ago. Mrs. Reibman would not comment on the report.

## WOMEN BATTLE FOR SPOTS IN OPEN TOURNEY

SPRINGFIELD, N.J. (AP) — It was a battle of survival today as the 82 pros and amateurs competing in the 16th annual Women's National Open Golf Tournament went into the second round.

The field is due to be cut to the low 40 and ties for the final two rounds Saturday.

Based on the opening round scores Thursday it appeared a 36-hole total of 164 might make it, so rugged is the 6,372-yard, par 36-36—72 yard Baltusrol lower course.

Only two players were able to match par in the first round and only 17 of the 82 starters could break 80. The 80 or over performers included such tournament-seasoned pros and Mrs. Marlene Bauer Hage, Betty Jameson, Patty Berg and Beverly Hanson.

### WRIGHT AND PRENTICE

Mickey Wright and JoAnn Prentice were the par shooters, Mickey, second to Louise Suggs as top money winner this year, had 37—35—72, and JoAnn, a sharpshooter who has yet to win a tournament in five years as a pro, carded a like score.

Two amateurs and defending champion Betsy Rawls were tied two strokes behind the leaders. Mrs. Helen Sigel Wilson of Philadelphia, runnerup in the Women's National Amateur, came in with 35-39, and Mrs. Marlene Stewart Streif of Fonthill, Ontario, who has won both the British and U.S. Amateur championships, had 36-38. Miss Rawls, seeking her fifth open title, also had 36-38.

And the question of whether individuals' assets justify the steadily climbing personal debt — or whether the national economy, growing jerkily but steadily, justifies the rising total of government and private debt—is up for sharp debate in and out of Congress.

In New York financial circles the majority opinion is that both private and public debt is still on a sound basis. That is, the national and personal assets and the current national and personal incomes can carry the debt load without undue strain.

## DEBT RISING AS NATIONAL INCOME MOVES

By SAM DAWSON

AP Business News Analyst  
NEW YORK (AP)—Today we are trillionaires. The new status works both ways.

Secretary of the Treasury Douglas Dillon says America's total debt at all levels tops a trillion dollars for the first time.

But look at the balance sheet of Americans as individuals. Their current assets are put at \$959 billion. Add their fixed assets of \$607 billion, and U.S. citizens can claim to be worth \$1,566,000,000,000.

### DEBT TOTAL RISES

Of course, Secretary Dillon points out at the same time that individual debt totals \$296 billion and continues to rise.

And as citizens we have a responsibility for the \$290 billion federal debt and the \$69 billion state and local debts. As stockholders they have an interest in corporate debt of \$358 billion. (Corporate assets are much higher than this, and governments have financial and tangible assets.)

Can you as American citizens afford to carry all this debt? A lot of people say no. But look at the brighter side of the financial balance sheet.

### INCOME HIGH

At the 1961 halfway point personal income is running at \$414 billion a year. And personal savings have been climbing in the first half of 1961. Then there are those financial assets of \$959 billion.

That figure is garnered from reports of the Securities and Exchange Commission, the Federal Reserve Board, and the Department of Commerce.

The financial assets include \$343 billions in preferred and common stocks, \$102 billion in government securities, \$26 billion in other securities such as corporate bonds and notes, nearly \$67 billion in savings and loan associations and credit unions, more than \$181 billion in currency and bank deposits. To that are added more than \$149 billion in private insurance and pension reserves and \$70 billion in various government insurance and pension reserves.

### FIXED ASSETS

The fixed assets are figured this way: \$404 billion equity in home ownership and \$203 billion in current value of durable goods owned. The durable-goods equity is figured by totaling consumer purchases in the last 10 years, depreciated at 10 per cent annually.

The figuring to reach the total assets of one and a half trillion is subject to debate among accountants, as all such overall estimates are.

And the question of whether individuals' assets justify the steadily climbing personal debt — or whether the national economy, growing jerkily but steadily, justifies the rising total of government and private debt—is up for sharp debate in and out of Congress.

In New York financial circles the majority opinion is that both private and public debt is still on a sound basis. That is, the national and personal assets and the current national and personal incomes can carry the debt load without undue strain.

## HOUSE PASSES MEDICAL CARE OF NEEDY AGED

HARRISBURG (AP)—Medical care would be provided by the state to see 62,000 Pennsylvanians aged 65 and over under a bill passed by the State House. The vote Wednesday, was 199-0. The measure now goes to the Senate for further action.

It would make an estimated \$13.5 million available to help pay the medical bills of the needy aged.

### 230 HOSPITALS

All but \$2.2 million would go to hospitals supplying the care. About 230 hospitals would be involved, including sectarian hospitals heretofore excluded from state aid.

The program is expected to go into effect next Jan. 1, assuming the Senate and Gov. Lawrence approve the bill.

The starting date would depend upon how soon the federal government would give its approval to the state's plan and how soon the plan could be implemented.

### FEDERAL GOVERNMENT

Half of the money would come from the federal government.

At present, Pennsylvania's aged receive state help through the public assistance program, which pays hospitals for all care to the needy, regardless of age.

The new federal-state program would provide for the aged.

—Hospital ward care up to \$25 per day, for 60 days.

### POST-HOSPITAL CARE

—Post-hospital care at home for up to \$5 per day.

—Nursing care at home, if ordered by a physician, at up to \$3 per visit, plus travel expenses.

—Care in a public nursing home, at the prevailing cost in the home.

### MARRIED COUPLES

For married couples with an annual income of up to \$2,400 and property valued at no more than \$2,400 and single persons with an income up to \$1,500 and property valued at \$1,500 or less, the program would pick up the entire cost of medical treatment.

There is an additional allowance of \$500 for each dependent living with a married couple or single person.

Homes, household furnishings and automobiles would not be counted in valuing a person's property values, except that the home exemption would apply only to his own residence.

Passed at the same time by the House was a companion bill setting up the public nursing home

## UNIONS CHART NEW STEP FOR PAY INCREASE

### By NORMAN WALKER

UNITY HOUSE, Pa. (AP)—The AFL-CIO Thursday charted a new drive for pay increases despite an administration call for wage restraint.

Federation leaders said in a policy statement that wages have been rising too slowly for the good of the nation's economy. And they said that fears of inflation expressed by some of President Kennedy's aides are untimely and unwise.

George Meany, AFL-CIO president, took issue with assertions that the recession is over. He insisted the recession continues so long as there are nearly 5 million unemployed.

### UNEMPLOYMENT PROBLEM

"The problem is not inflation," Meany said. "The problem is to put the economy back to work and that means putting unemployed workers back to work."

The AFL-CIO executive council, in adopting its economic policy statement Wednesday, said that Secretary of the Treasury Douglas Dillon and Walt Rostow, deputy special assistant to Kennedy, have urged unions in recent talks to exercise wage increase restraint to avoid a new wage-price spiral.

"American labor," the council said, "now as always is willing to take the lead in any sacrifice required for the safety and welfare of our nation. But higher wages under the circumstances now are not a danger but a positive good."

"It is argued in some quarters that wage increases will force prices up, harm the competitive position of American goods in the world markets and therefore weaken us in our struggle with international communism. The exact contrary is true."

The union leaders again called for a \$1 billion public works program, a tax cut for workers and lower interest rates as steps to stimulate the economy.

## KENNEDY GETS HOUSING BILL PAST SENATE

### By JOE HALL

WASHINGTON (AP)—The \$5.6 billion omnibus housing bill has cleared Congress, carrying easier terms for buyers of FHA-insured homes.

A 53-38 Senate vote followed by a 221-175 House tally sent the bill to President Kennedy late Wednesday, giving him another victory on one of his "big five" domestic proposals of the 1961 session.

The housing bill includes \$2 billion for urban renewal, by far the largest amount ever voted for the slum clearance and redevelopment projects.

### MODERATE INCOME

Under the moderate-income family section, a new administration-devised program, homes that cost up to \$15,000 can be bought on 35-year mortgages and on up to 40-year mortgages if the buyer's income is too low for the 35-year plan.

The longer the mortgage, the lower the monthly payment. The down payment on a \$15,000 home would be \$450.

The bill also extends the maximum mortgage term on FHA-insured loans for all family income levels from 30 to 35 years, and raises from \$22,500 to \$25,000 the mortgage ceiling on one-family homes.

And the bill puts in an easier down-payment schedule under the general FHA program: 3 per cent on the first \$15,000, 10 per cent on the next \$5,000, and 25 per cent on the remaining \$5,000.

Another provision would permit sale of land to developers in urban renewal areas at lower prices so they could build middle-income housing. There have been charges such projects result in homes only for the wealthy and the poor.

## Rice And Biddle To Get Pensions

HARRISBURG (AP)—Former Commonwealth Secretary John S. Rice and former Adjutant General Anthony J. Drexel Biddle have been approved for \$337.79 and \$146.46 monthly state pensions, respectively.

The State Employees Retirement Board authorized the monthly pensions Wednesday.

Both wealthy men, the 62-year-old Rice, of Gettysburg, is now U. S. ambassador to the Netherlands, and Biddle, 64, is ambassador to Spain.

Rice served 13 years and three months in state service; Biddle six years as head of the Military Affairs Department.

## Keating Submits Bribery Measure

WASHINGTON (AP)—Sen. Kenneth B. Keating, R-N.Y., today introduced legislation to make it a federal crime, punishable by up to 10 years in prison, to bribe an athlete to do less than his best in any sports contest.

He said the bill was drawn in collaboration with the National Collegiate Athletic Association as a sequel to the current college basketball scandals.

It would punish the fixing of any sports event, amateur or professional. It would cover team sports and others, such as boxing.

Keating's bill would create an automatic presumption that any offer or acceptance of a bribe to affect a sports event involved interstate commerce, thus subjecting it to federal prosecution.

## TWO HONORED BY STATE BAR FOR SERVICES

BEDFORD, Pa. (AP)—Joseph M. Ferst, an executive of the Philadelphia Inquirer, and Charles Alvin Jones, retiring chief justice of the State Supreme Court, are the recipients of awards from the Pennsylvania Bar Association.

Both men were honored during a banquet Wednesday night at the association's annual summer meeting.

Ferst received the association's 1961 Distinguished Service Award for "distinguished service to the Pennsylvania Bar as well as the field of jurisprudence."

### JONES RETIRING

Ferst, editor of the association's quarterly the past 20 years, is vice president, secretary and counsel of Triangle Publications, Inc., publisher of the Philadelphia Inquirer.

Justice Jones, who is retiring due to an eye ailment, was honored for his service as a lawyer and judge. He has been on the Supreme Court bench 16 years, five as chief justice.

The Pennsylvania Council of Juvenile Court Judges, meeting in conjunction with the bar meeting, came out in opposition to a State Senate bill that would give justices of the peace jurisdiction over cases in which juveniles 16 or over are charged with summary violations of the Motor Vehicle Code.

Such cases come under Juvenile Court jurisdiction under present law.

## BOYLE OFFERS FRIENDLY LINE FOR TRAVELER

By HAL BOYLE

NEW YORK (AP)—So you're going abroad this summer, and you want to make friends.

Well, you can—that is, if you manage to keep your foot out of your mouth. It's all in knowing what to say.

People overseas are basically like the people who live next door to you. They'd rather listen to you praise them than brag about yourself.

### TYPICAL TRAIT

They won't mind if you overdo it a bit. They understand exaggeration is a typical American trait.

Avoid making unfavorable comparisons. If you must speak about the United States, be humble. This will cause the startled natives to respect you—or conclude you are too ill or tired to brag. In any case they'll like you better.

Here is a sample glossary of the kind of remarks that will get you red carpet treatment abroad.

### BRITISH APPROACH

In GREAT BRITAIN: "That was a dirty trick George Washington played on Lord Cornwallis—attacking just at tea-time. It really wasn't cricket at all."

"Ever since we quit being your colony, we've had nothing but trouble, trouble, trouble."

### WONDERFUL WEATHER

"What wonderful summer weather! Here, let me lend you my umbrella."

"We did not have to be of some help to you in the second World War but, my, we were awfully late getting into it, weren't we?"

"If our trained diplomats had as much training as your trained diplomats, the world wouldn't be in such a mess."

### AND IN FRANCE

In FRANCE: "You mean we're having snails in garlic butter sauce again tonight? Goody, goody, goody."

"The service has been so wonderful, a 15 per cent tip doesn't seem enough. Please let me make it 25 per cent."

"You certainly are right, monsieur. American women are too bossy. They make slaves of their men. French women are much more feminine."

### SOVIET LINE

In RUSSIA: "Da, comrade Khrushchev, it is a marvelous new steel plant. I wish we had a few like that back home."

"Here's a present: A brand new shovel—so you can bury us faster."

"Is that really a peasant? My, he's so well dressed—with those football shoulders and those wide, wide lapels. We sure could take a few fashion hints from you."

### STRESS DISCIPLINE

In GERMANY: "Why, of course. I realize a swell fellow like you never could

## HOUSING BILL HELPS LOWER INCOME CLASS

EDITOR'S NOTE—What does the housing bill which President Kennedy may sign today mean to the home buyer? What are its other effects? Joe Hall, veteran AP Senate newsman who covered the bill on its congressional journey, spells out its provisions in the following story.

By JOE HALL

WASHINGTON (AP)—Administration officials estimated today that the new housing bill could make 3 million moderate income families eligible to buy their own homes.

Other millions may find better housing in moderate rental apartments under the bill's new programs.

These tentative estimates came as the housing and home finance agency took a close look at the \$5,646,000,000 measure sent to President Kennedy Wednesday.

### KENNEDY MESSAGE

In his March housing message to Congress, Kennedy said, in effect, that the housing needs of upper bracket families had been met in the post World War II boom—mostly in new suburban developments.

Government housing officials have emphasized the legislation will be administered with this in mind.

The chief provision which will make more families eligible to buy homes is the extension of the mortgage term from 30 years to a

have been a Nazi."

"It's a mystery to me why the other countries envy your progress. After all you work hard—and have discipline."

"You're absolutely right. We shouldn't have fought each other at all. We should have all simply ganged up on the Russians—just as you say."

## The Rains Keep Falling

maximum of 40 years under the moderate income family section.

### CUTS PAYMENTS

FHA figures this will cut the monthly payment on a \$15,000 house—the most expensive the agency will insure under the new program—from \$82.95 to \$74.85. The stretch-out also would increase the total interest the home buyer would pay.

It is this reduction in monthly payments which brought the rough estimates of eligibility under the FHA income rules for 3 million more families.

The bill would give the moderate income family a 35-year mortgage as a matter of right. The term could be lengthened to 40 years if the FHA commissioner felt the buyer's income was inadequate to make the payments under a 35-year loan.

### DOWN PAYMENT

The down payment on a \$15,000 house would be \$450. Closing costs could be included in the loan.

The sponsors think several million more families may be able to afford apartments that could be built with a subsidized 3½ per cent interest rate and government money under the moderate income program.

The individual home buyer above the \$6,000 level also will get easier terms on FHA loans under the general insurance program.

He could obtain a 35-year mortgage, as compared with the present

## HOPPERS POSE NEW THREAT IN GREAT PLAINS

By THE ASSOCIATED PRESS

Massive grasshopper invasions today posed an added threat to the northern Great Plains, already in the grip of a devastating drought which has brought scores of counties under federal disaster programs.

The new menace came as temperatures again in the 90s continued to sear vast acreages in five states and three Canadian provinces.

Unseasonable summer fires on the usually verdant prairie and in wooded country at its northern fringes still were casting heavy smoke pall.

### MILLIONS OF ACRES

From Helena, Mont., came federal and state reports that grasshoppers have infested an esti-

ated 30-year ceiling, and get an insured loan on a \$25,000 home as against the present \$22,500 top.

He also is given a somewhat smaller down payment schedule. This works out, for example, to \$1,375 on a \$22,500 house as compared with \$2,205 under present law.

## RED BOSS MAY BE PLANNING FACE-SAVING BERLIN MOVE

By WILLIAM L. RYAN

Associated Press News Analyst

Perhaps concluding it is too risky to assume the United States is bluffing on the Berlin issue, Nikita Khrushchev appears to be seeking a face-saving way out of an uncomfortable situation—and trying to salvage some profit from it.

The Soviet premier seems to be offering President Kennedy and the Western allies a deal: Just an innocent-looking concession or two in exchange for postponing Khrushchev's year-end deadline for a perilous showdown on Berlin.

The curious coincidence of Kennedy and Khrushchev statements on the same day concerning the West Berlin issue raises speculation about backstage diplomacy looking toward some sort of negotiation.

### KENNEDY STAND

But from President Kennedy the Soviet leader has nothing more tangible than a statement that the United States is ready to discuss any proposals that protect the rights of the people in West Berlin, isolated 110 miles inside Com-

munist East Germany. The President has a little more from Khrushchev: An implication that there is something to negotiate and a statement denying any plans for a new Berlin blockade.

What is behind this guarded Khrushchev bid?

Khrushchev's maneuvers must be viewed against his plans and problems.

**OCTOBER CONGRESS**

His plans include convening late in October the 22nd congress of the Soviet Communist Party. There the Kremlin expects to lay down a 20-year program—a model for the whole Red bloc—for the development of Soviet and world communism. Moscow is asserting undisputed leadership in this respect. The October congress will attempt to present Soviet-brand communism to the world as the inexorable wave of the future.

Khrushchev is approaching his all-important October meeting with his prestige laid on the line. He has vowed to drive the Western allies out of Berlin by signing a one-sided peace treaty with East Germany and assigning authority over access to Berlin to East Germany. In this he could travel to the brink of World War III—at the risk of stumbling over the line—or be could retreat. Either prospect would be unpleasant.

Khrushchev's words Wednesday—even salted with tough remarks—had the ring of an appeal to Kennedy to recognize his dilemma. With his prestige at stake, he would like to deliver at least a token result from his repeated Berlin threats.

He has described pro-

perous West Berlin—an open show-

down to the eyes of the drab, Communist-ruled East—as a bone that sticks in the Communist throat. It provides a glaring contradiction to the boast he will present to the October congress in Moscow that capitalism is in the final stage of decline. West Berlin also provides a haven for an endless flow of refugees from communism streaming in from the East.

Political surgeon Khrushchev wants to get that bone out of communism's throat. But apparently he is fully aware it is a dangerous operation.

## REX CAWLEY TOPPED NCAA SPRING TRACK

KANSAS CITY (AP)—Rex Cawley, University of Southern California sophomore, topped National Collegiate individual track and field statistics for 1961, the NCAA's final report for the spring campaign showed today.

Cawley had the best time in the 220-yard low hurdles, a :22.5 clocking, to edge Ray Cunningham of Texas and Ron Ablowich of Georgia Tech by one-tenth of a second. His 49.9 was fastest for the 400-meter hurdles.

The Southern California flash shared the 440-yard dash time of :1.4 with Earl Young of Abilene Christian and Adolph Plummer, New Mexico's NCAA champion. Cawley also anchored USC's mile relay team to an intercollegiate record of 3:07.6, matched later by Abilene Christian.

Ralph Boston of Tennessee A&I, world record holder in the broad jump, was first in two events and barely missed surpassing Cawley when his :22.2 in the 220 low hurdles at the Pelican Relays was disallowed because of excessive wind.

During the spring competition Boston set a world record of 27½ in the broad jump and was fastest in the 120-yard high at :13.7.

1,200 POUNDS  
OF CLOTHING  
ARE GATHERED

Twelve hundred pounds of clothing, collected and packed by the Mason Dixon Memorial 6954, Veterans of Foreign Wars, of Littlestown, left Littlestown Thursday afternoon enroute to the World Clothing Fund, Inc., Center at St. Louis, Mo.

Post Community Service Officer James Bancroft, assisted by members of the post, collected and packed the clothing during the last several weeks as part of a nation-wide drive by the VFW to secure clothing for the World Clothing Fund.

Bancroft and Post Commander Walter S. Mehring explained that the World Clothing group supplies clothing wherever needed, throughout the world, and at all times has supplies on hand to meet any emergency anywhere in the U. S. In case of need locally clothing from the fund would be available within 24 hours.

## PICNIC JULY 29

Commander Mehring expressed the appreciation of the post to the people "not only from Littlestown but from surrounding communities who have donated so generously to the clothing drive."

At Tuesday evening's meeting of the post at its home on W. King St. Commander Mehring appointed Harold Bancroft, Edgar W. Wisotzky and Leo S. Riley as a committee to reorganize the firing squad and honor guard of the post and determine the possibility of securing new uniforms.

It was announced that the annual stag picnic of the Littlestown Post will be held Sunday, August 20, from 11 a.m. to 5 p.m. and that the annual 21st District sponsored Scotland School picnic will be held at Cold Spring Park Saturday July 29 from 2 to 5 p.m. The next regular meeting of the post will be held Tuesday, July 11.

Pfc. Bruce Albin  
Serves In Germany

Pfc. Bruce W. Albin, son of Mr. and Mrs. Elwood D. Albin, Littlestown R. 1, participated with other personnel from the Seventh U. S. Army's 92d Artillery in April Shower, a command post exercise in Germany which ended June 9.

The exercise was designed as a study of organization, displacement of units, communications and logistics. All U. S. corps and divisions within the Seventh Army participated at command levels.

During April Shower control staffs fed problems and situations involving the activities of a simulated aggressor force to the participating commands. These units then took the necessary action.

Albin is a cannoneer in the artillery's Battery B, which is regularly located in Giessen. He entered the Army in July, 1960, and completed basic training at Fort Dix, N. J.

## Today's Talk

## START AFRESH

Every race is from scratch. That is, from an equal footing. The loser must take his chance for success another time.

But in time that loser will be the winner.

The good sport is the one who smiles and says he will take that chance, until he wins.

Each day we start another race, another game, another life. But even with this assurance, many of us carry over the records of our former defeats and discouragements into the new day.

What a world of men and women this would be if we could all start afresh each day!

It isn't an easy thing to obliterate the trend of our thoughts, the scars of our mistakes and blunders, but it is entirely possible for us to keep them as reminders to walk straight and keep our eyes open, face front, look ahead and start afresh as though life had just been unfolded anew for us.

Keep starting afresh. Over and over again start afresh. And some day life itself will take upon itself freshness and beauty and strength. You will find that everything you do will reflect the occasions of your rebirth.

We are too much troubled about the little ailments and pains of our daily life. We think of them as some kind of necessary beings with which we must consort in greater or less degree.

As a matter of fact, we should pass them by, put freshness into our imagination, and will our bodily servants to clean house — to start afresh.

Tomorrow Mr. Adams will talk on the subject: "You And I Are Here"

NEWSWEEK HAS  
STAFF REPORT  
BEFORE JFK

WASHINGTON (AP) — The FBI is investigating the leaking of secrets at the Pentagon, the White House says.

News Secretary Pierre Salinger announced the investigation on Thursday night but declined to discuss its nature or what set it off. He said only: "There is an FBI investigation today of leaking of secrets at the Pentagon."

But the Chicago Sun-Times in a dispatch from Washington said President Kennedy ordered the FBI and military intelligence agencies to find out how a national publication got secret information on military plans for Berlin.

**KENNEDY APPALLED**

The Sun-Times story by Thomas B. Ross said: "Mr. Kennedy was appalled at reading about the Joint Chiefs of Staff's contingency plan for the Berlin crisis in a national publication before it reached him in the White House."

"He immediately directed the FBI and the military intelligence agencies to find out how the highly classified information had leaked to the press."

The Sun-Times added: "The published report on the joint chiefs' contingency plan contained enough accuracy to persuade Mr. Kennedy that it was willfully disclosed by a high official in the Pentagon."

**MAZAGINE STORY**

The Sun-Times dispatch did not identify the national publication but it apparently was a reference to a Newsweek magazine edition which went on sale Monday.

Newsweek said the Joint Chiefs of Staff would present to Kennedy this week a plan for action in the Berlin situation, calling for a "show of strength" in an attempt to convince the Soviet Union that the United States does not intend to retreat from Berlin.

Newsweek reported the United States is prepared to back its commitments to West Berlin "even at the risk of nuclear war."

## REVIEW IMAGE OF AMERICA'S GREAT DREAM

EDITOR'S NOTE — With Independence Day almost here, George W. Cornell sums up a collection of views as Americans look into the past and toward the future in reviewing the nation's heritage.

By GEORGE W. CORNELL  
Associated Press Religion Writer  
NEW YORK (AP) — This is the season for examining the American heritage. And all sorts of people are doing it.

As the nation prepares to celebrate its Independence day next Tuesday, churchmen, scholars, pundits and politicians are pondering how it all began. And where it is going.

"If the American dream is for Americans only, it will remain our dream and never be our destiny," says Dr. Rene de Visser Williamson, chairman of Louisiana State University's department of government.

### NATIONAL PURPOSE

But what is the dream? What is the objective? Recent months have seen searching discussions about "national purpose."

"Clearly, the religious view and its moral implications were at the root of the founding father's innermost convictions," says Dr. Emile Cailliet, professor of philosophy emeritus of Princeton Theological Seminary.

"Whatever political principles they laid down were directly derived from the religious view and its moral implications—in that order."

### STAMP OF DIGNITY

As the Declaration of Independence put the matter, it was self-evident that "All men are cre-

ated equal, that they are endowed by their creator with certain inalienable rights" to "life, liberty, and the pursuit of happiness."

That was the foundation of it. That each man bears a stamp of worth and dignity, endowed by a power beyond any man-made law or government.

"If we will not be governed by God," said American revolutionary leader William Penn, "then we will be governed by tyrants."

### QUESTION IDEA

But it is questioned today whether the basic idea still thrives. Says Dr. Albert Hyma, University of Michigan professor of history:

"The United States in the past 50 years has been dominated to a large extent by persons who do not understand the spiritual heritage bequeathed by their ancestors."

"Unless a marked change takes place in the United States of America, it is doomed, just as surely as was ancient Babylon."

His comments, along with those of other historians and scholars, were supplied for a forum on the subject in "Christianity Today," a national nondenominational weekly.

America's image has been "badly defaced" by the caricatures of Communist deceit, said Dr. V. Raymond Edman, president of Wheaton, Ill., College, but it "must be restored. And it can be."

Dr. Robert M. Sutton, history professor at the University of Illinois, said: "Only if we see the American dream clearly in the light of God's love, His power and His judgment do we have a right to hope, with Lincoln, that this nation under God may yet experience a new birth of freedom."

Pvt. Sidney Robinson, Alameda, Calif., claims the world record for successive sit-ups, 7,500 in a row.
